

myLittleTools Announces Datacenter License for its MS SQL Administration Tools.

Paris, France - June 15, 2009 -- myLittleTools, a leading provider of web-based applications, best known for hosting companies as the creator of myLittleAdmin, announces a new Datacenter license for its SQL Server Admin tools, myLittleAdmin and myLittleBackup.

This Datacenter license offers the possibility to install myLittleAdmin and myLittleBackup on several IIS servers in order to administrate several SQL Servers in a single geographical location (datacenter). This license perfectly fits the VPS and Managed Servers markets.

myLittleAdmin and myLittleBackup have already seduced hundreds of web-hosting companies worldwide and are integrated with the best windows web-hosting control panels, inc. Parallels Plesk, DotNetPanel or HostingController.

Pricing and Availability

Datacenter license for myLittleAdmin Express Edition: \$2,990

Datacenter license for myLittleAdmin Webhosting Edition: \$9,990

Datacenter license for myLittleBackup: \$4,990

A bundle offer (myLittleAdmin + myLittleBackup) is available for a limited time at \$12,990.
